

**RGD NextGen**  
Presents

# NextGens Meet Seniors

A NETWORKING EVENT

*We will match and connect you to a Senior RGD Researcher that suits your interest.*

If you are interested, sign-up here

Deadline is January 20th, 2025:

<https://forms.gle/czWUJzSagytmB5TP7>

## FAQ:

### 1. What is the NextGens Meet Seniors event?

*An opportunity to meet with a senior researcher, for up to an hour, and ask questions, especially about career paths in RGD.*

### 2. Which senior researchers are participating?

*Most of the IAC and LOC members as well as several other respected researchers in the RGD community will be participating.*

**Caution:** Participants shall not use this networking opportunity to ask for letters of recommendation. That is not the intention of this event.

### 3. How will RGD NextGen be matched for the networking meeting opportunity?

*As much as possible, they will be matched with either a senior researcher from the same country but in a different research specialty area, or a senior researcher in the same or similar research specialty area but from a different country. The signup form asks for 2 sample questions that they would like to ask, which will assist us in matching.*

### 4. How will the meeting be arranged?

*The senior researcher will contact the RGD NextGen by email and suggest a convenient platform and several possible dates.*

### 5. Will follow-up meetings or email questions be possible?

*Yes, but only if both parties agree. Also, it is encouraged that the two people meet in person at a future conference such as EUCASS, FAR25, DSMC25, or RGD34.*
